

## **VILLAGE OF MONTOUR FALLS**

### **BRUSH & YARD REFUSE PICKUP POLICY**

Brush and yard refuse should be placed at the curbside 2 days before the scheduled pickup day. Leaf season or storm damage being an exception.

Grass clippings, yard debris, leaves (except during leaf season) etc. should be placed in a container or in brown biodegradable bags (can be obtained at Village Office at no charge) no heavier than one person can lift.

Brush 2" or larger in diameter should be placed neatly along curbside, not in the street, with the butt end going with traffic for easy pickup for the chipper. Small clippings 1 1/2" or smaller in diameter should be bundled with string (no wire) or placed in a container no heavier than one person can lift.

Do not place old boards, fence posts, old broken picnic tables, etc.; they will not be picked up.

**Fall leaf season** is generally October 15 thru December 1. Place leaves along the shoulder of the street or between the sidewalk and curb, not in ditches or in the street. Heavy rains will wash them down into catch basins and culvert pipes.

**Spring leaf season** will be the later part of April and first part of May for one time through the village. After that they will need to be placed in a container or the biodegradable bags.

We request cooperation from residents in order to continue providing an efficient service.

If there are any questions, please feel free to call the Department of Public Works at (607) 535-9580.

Thank you.
